

Raseel Mohammed

Front-End Developer

Al-Qassim, Saudi Arabia | raseelstudy@gmail.com | +966 55 684 9727 | [linkedin](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Front-End Developer with hands-on experience building responsive web applications using React, TypeScript, and modern tooling. Proven ability to deliver measurable results — reduced evaluation time by 88% and administrative errors by 90% during co-op. Passionate about clean UI, performance, and turning ideas into real digital products.

WORK EXPERIENCE

Front-End & Educational Solutions Developer

Fadaat Language Institute (Co-op Training) – Buraydah, Al-Qassim June 2025 – Aug 2025

- Developed a responsive placement test website (HTML, CSS, JavaScript, Email.js) that served over 99% of students and reduced evaluation time by 88%.
- Built an integrated attendance and registration system (Google Forms + Sheets) that reduced administrative errors by 90% and accelerated workflows.
- Automated databases using Google Sheets and Google Apps Script, improving data processing efficiency and saving operational time.

PROJECTS

[DashViz](#) — Interactive Data Dashboard
